

A MUSIC GAME

For

Little Angels, Pre-K &
Kindergarten

Hi music friends! I miss seeing you, but we can still enjoy making some music today.

First, we will listen to and sing a fun song "Cows in the Kitchen".

You will see how to add some patting and clapping, called "body percussion"

The last video clip shows how to add instruments to the song. If you don't have castanets and a tambourine, use whatever you have.

How about an upside down pot or bowl for a drum, and two wooden spoons as rhythm sticks? We can make music with ANYTHING!

[Cows in the Kitchen](#)

After singing the song, spend some time playing
a game creating and using instruments.

Try all the different instruments.

Music Game

Enjoy your music
session today!
